## **GFWC BIG RAPIDS**

is a group of women who deeply care about our community through volunteering and assisting with ongoing projects. The General Federation of Women's Club, Big Rapids is part of the oldest and largest volunteer organization of women in the world. GFWC Big Rapids began in 1971 and focuses on arts, and culture, civic engagement and outreach, education, environment, and health and wellness. We serve all of Mecosta County by helping with many projects and services. We also have social time with our GFWC sisters.

We would love to meet you!
